## PROFILE

- Front-End Developer adept in all stages of advanced web development
- Knowledgeable in user interface, testing, and debugging processes.
- Bringing forth expertise in design, installation, testing and maintenance of web systems. Equipped with a diverse and promising skill-set.
- Able to effectively self-manage during independent projects, as well as collaborate in a team setting.
- Experienced with the latest cutting edge development tools and procedures such as Tailwind CSS, GSAP, and Next.js.

## PROJECT EXPERIENCE

### My Portfolio Website - [rgstudios.ca](#)

- Designed and developed a portfolio website that showcases previous works and web projects.
- Conceptualized the layout and design using Adobe Illustrator and XD.
- Built with React for smooth performance and responsive UI with a mobile-first approach.
- Hosted and uploaded on SiteGround using the FileZilla FTP application.

### Fairy Dog Mama - [fairydogmama.ca](#)

- Migrated from WIX to WordPress, updating the site's appearance and functionality; now in-charge of administrating the website
- Collaborated with a partner web developer to redesign a WordPress website for Fairy Dog Mama using Elementor, making it responsive for mobile devices therefore increasing customer engagement.

### CannaDiscount - [cannadiscount.ca](#)

- Built designed and maintained a website with a partner for CannaDiscount using WordPress CMS with Elementor.
- Meeting with the prospective clients to review website, and gather the client's specifications for the project.
- Preparing multiple designs and wireframes for clients approval before proceeding with development.
- Created modular and responsive templates using modern CSS techniques and JavaScript libraries.
- Designed and implemented HTML email templates and newsletters for marketing campaigns.

### Movie Database Website - [rgstudios.ca/movie-database](#)

- Developed a web application using React and SASS that grants users detailed information about the latest and upcoming movies.
- Obtained data from The Movie DB API
- Set up localStorage to allow for saving functionality in the browser, granting users to dynamically add movies to their favourites.

## EDUCATION

---

### **Certificate in Front-End Web Development, British Columbia Institute of Technology**

Vancouver

Sep 2021 — Apr 2022

- Sharpened my understanding of techniques in web application development in a fast-paced program.
- Created sites that are not only visually appealing but are also accessible, usable, and standards-compliant.
- Applied system development best practices to design and develop usable and effective websites in individual and team environments.

### **Certificate in Computer Information Systems, Kwantlen Polytechnic University**

Surrey

Sep 2017 — Mar 2019

- Attained a solid foundation in computer systems and user support, network administration, and systems design.
